AMERICA'S FINEST RETRACTORS

EXCLUSIVE TO
SHOWDOWN!

To guarantee superior quality retractors, we have developed an RCAT (Retractor Calibration Assessment Test) machine that assesses retractable banner components.

Each retractor is tested and rated to a minimum number of times it will extend and retract with normal use, helping you find a retractor that meets your exact needs.

The RCAT rating certification lets you have confidence in your retractable banner display, no matter which one you choose.

Wind Test Assessment - All of our tents are rated to withstand winds up to 25 mph. We recommend ground stakes with rope and two steel or one water ballast per leg.						
Disclaimer: Wind rating conducted in a controlled environment. Outdoor products should be taken down if bad weather is likely. Wind gusts and heavy rain could reduce the wind resistance of these products.
