Loosen bolts when you need to swap out posters.

Powerful LED lights along the inside edges of the frame diffuse the light evenly for a gentle glow.

Standoffs create space between wall and display to emphasize illumination.

Connectors (sold separately) let you create a dual-sided light box by joining two displays together.

LED LIGHT BOX

LED light boxes offer a brighter and more energy-efficient alternative to traditional light box designs.

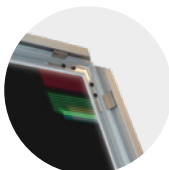

- Lightweight aluminum frame can be hung vertically or horizontally
- LED power lasts more than 50,000 hours
- Artwork is printed on Titan™ backlit film
- Mounting hardware included

POWER  
UP!

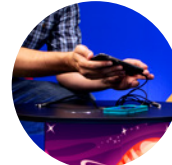

LIGHTS UP!

LED lights on the top and bottom of the display create a soothing glow effect.

With a quick press of your thumb, the fabric's gasket edge is pushed into narrow channels built into the frame.

Charging cables are guided through holes in the pedestal's tabletop.

Rubber feet elevate the display to make room for the power cord.

VINYL & FABRIC BANNERS
