## Display Set-Up

### Step 1

Place on a clean, flat surface. Ensure you have all the components listed above. Parts listed above are for two 10 foot displays.

### Step 2

Assemble all the poles by connecting the corresponding numbers together while pressing the snap button as shown.

### Step 3

Place the two assembled 10 foot displays next to each other and connect to each other using two Plastic Hinge Connectors (6).

### Step 4

This will require three people to set up. The person in the middle will ensure the connections remain locked and the frames stay straight. Drape the Graphic (5) over the hardware as shown. Adjust as needed working from the top down.

## Plastic Hinge Connector
