

## Product Parts

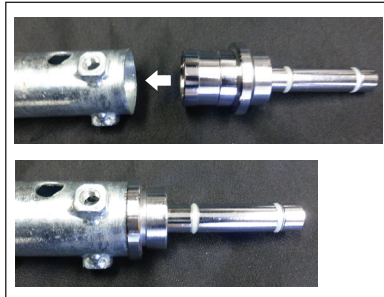

- 1 - Screw Knobs (x3)
- 2 - Post
- 3 - Turn Rod
- 4 - Spike Base

## Set-up Instructions

### Step 1

Insert post (2) into top of spike base (4).

### Step 2

Insert the three screw knobs (1) into the three threaded inserts on the spike base (4) and tighten knobs securely.

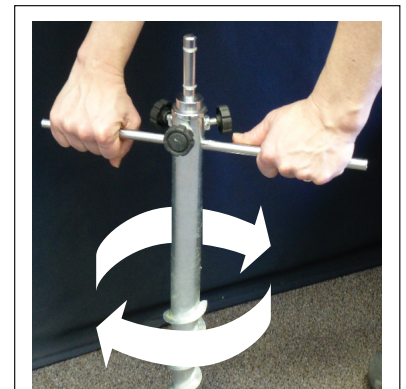

### Step 3

Insert the turn rod (3) onto the hole on spike base (4).

### Step 4

With pressure, turn rod (3) clock-wise into the ground.

## Storage & Care

Place all parts back into the box. Clean ground spike with damp cloth and wipe dry. Store in a dry place.
