Graphic Install

Step 1

Begin by removing all parts from the box and place on a clean, flat surface.

Remove the protective paper from the adhesive strip of the Banner Rail (4).

Step 3

Lay the Graphic (6) flat, printed side up. Remove the protective paper from the strip of adhesive on the leader of the Base (1). Press the bottom back of the Graphic (6) onto the adhesive. Smooth out any bubbles or wrinkles.

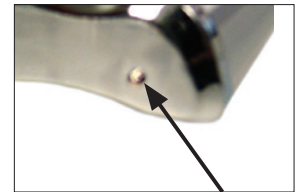

Step 2

Press the top back of the Graphic (6) onto the adhesive, smoothing out any bubbles or wrinkles.

Step 4

Maintain tension on the Graphic (6) while slowly removing the Pin (5). Allow the graphic to gently roll into the base.

Display Set-Up

Step 1

Insert the Base Pole (3) into the Base (1)

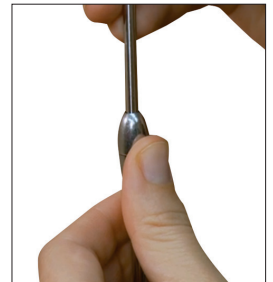

Step 3

With Base (1) on a flat surface, pull the Graphic (6) out of the base and extend to top of pole and insert square support at top of pole (2) into the channel of the Banner Rail (4).

Step 2

Insert the Top Pole (2) into the connector on the Base Pole (3).

Storage & Care

Store all products in a cool dry location. To clean non-graphic hardware, wipe with a damp cloth.
