

Power Grip Banner Display

Product Parts

- 1 - Pole Mount with Suction Cups
- 2 - Poles (x4)
- 3 - Graphic

Display Set-Up

Step 1

Insert all four poles (2) into the receiving holes on the Pole Mount with Suction Cups (1).

Step 2

Attach the graphic (3) to all of the poles (2) by hooking the grommets onto the hooks. The banner will force the poles to curve and keep the display taut.

Step 3

Dampen either the suction cups or the intended surface and push the suction cups against it firmly until it stays on its own.

Storage

Store in a cool dry location.

Care

Frame or graphic - wipe with a damp cloth.
