

E-Z FOLD VENTED UMBRELLA

your weather wingman

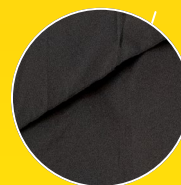

NEW
PRODUCT

Fiberglass ribs provide strength and flexibility for the umbrella frame.

Umbrella folds down to 11" for portability.

Wind vent technology allows for greater airflow.

Auto-open/close button is easily accessible on a rubber coated plastic handle.

E-Z FOLD VENTED UMBRELLA

A vented umbrella that automatically folds itself provides a smart and innovative solution!

- 46" arc with eight-panel construction
- Auto-open/close folding umbrella
- Steel shaft and fiberglass ribs
- Canopy made with sustainable rPET polyester
- Minimum order quantity of 12
- Powered by the patented RainAlertz™ app
- Custom options available (contact your rep or customer care)
