**Beaufort Wind Rating:** See rating on product page. Wind ratings were determined utilizing all available securing/stabilizing options sold with or offered for the product. See website for details.

## AMERICA'S FINEST RETRACTOR

To guarantee superior quality, we have developed an RCAT (Retractor Calibration Assessment Test) machine that assesses retractable banner components. Each retractor is tested and rated to a minimum number of times it will extend and retract with normal use, helping you find a retractor that meets your exact needs. The RCAT rating certification lets you have confidence in your retractable banner display, no matter which one you choose.

### Top Seller

Anti-curl properties for a taut banner.

High-quality fabric that prevents curling. Silver backing makes it opaque.

Durable vinyl repels water and cleans easily for extended outdoor use.

Smooth, glossy surface that can be written or drawn on with a dry-erase marker.

### Banner Media

Lightweight, no-glare fabric prevents curling.

Smooth vinyl material, ideal for high-quality graphics.

This media is an alternative to traditional vinyl as it does not contain polyvinyl (PVC).

Tear-resistant matte media for temporary use.

Backlit film allows for light to shine through your artwork.
